

## ROBERTS CROSSES THE VET RIVER

Reports That the Boers Are in Full Retreat Towards Kroonstadt.

## BRITISH PUSHING ON

Line of Advance Into Transvaal Territory Has a Front of Forty Miles.

## WILL SOON REACH PRETORIA

London, May 7.—[Special Telegram]—General Roberts sends the following report on the latest operations dated Smaldeal, sixth: "Crossed the Vet river this morning and am now encamped at Smaldeal Junction. The enemy is in full retreat toward the Zand river and Kroonstadt. Captured one Maxim gun and twenty five prisoners. Our casualties are one killed, fifteen wounded and three missing."

A despatch dated Smaldeal on Monday says in the fighting Sunday the Boers lost forty men on the British west flank.

## ROBERTS HOT AFTER THE BOERS.

Gen. Hamilton Has Captured the Town of Winburg.

London, May 7.—Lord Roberts is moving his armies rapidly northward, the Boers everywhere retreating before his advance. Winburg, where it has all along been believed the Boers would make a determined stand, has fallen into British hands, apparently without a struggle. A part of the British forces have crossed the Vet river. On the west Gen. Warren is having more resistance, and has evidently fought a severe engagement. The Boers, following their customary practice, had evacuated their position on the Vet river during Saturday night. As Lord Roberts, advancing along the railway, and Gen. Hamilton, twenty miles to the east, threatened the two wings of the Boer forces, it would not be surprising to hear that they had also evacuated Winburg. Gen. Hamilton's advance will prevent the Boer forces in the direction of Thaba N'Chu joining their main army near Winburg. The passage of the Vet river by Roberts was accomplished after three hours devoted to shelling out the Boers across the river and an attempt of the infantry under Gen. Hutton and a body of mounted men to cross. Lord Roberts says he "hopes his casualty list is not great." Saturday he camped three miles north of the Vet river.

There now appears to be every reason to believe the Winburg report is true, as it falls in with the British plan of advance.

Gen. Rundle has also been busy with the Boers near Thaba N'Chu. He claims to have forced them off their original line of retreat toward Brand's Spruit, a place not on the map. The main Boer headquarters are still at Smaldeal, six miles north of the Vet river. On the Kimberley side Gen. Barton's brigade of Hunter's division fought a sharp action at Ruidam Saturday, the result not yet being clear. The same is the case in Gen. Page's attack on Warrenton. It is now almost certain that Gen. Hunter's movements are not wholly connected with the relief of Mafeking. He is likely to move up the north bank of the Vaal river, thus supporting Roberts.

Another force left Kimberley secretly some days ago and this is charged with the relief of Mafeking. Already Boer reports say the siege has been abandoned, but these, at least, are probably untrue.

## GARCIA HAS BEEN TAKEN A PRISONER

Highest Insurgent Officer Except Aguinaldo Made Prisoner by Lieut. E. V. Smith.

Manila, May 8.—Gen. Pantolon Garcia the highest insurgent officer except Aguinaldo, was captured yesterday by Lieut. E. V. Smith of Gen. Funston's staff in the town of Jaen, three miles northeast of San Isidro, province of New Ecija.

Garcia personally directed the guerilla operations and Gen. Funston had spent weeks in trying to corner him, several companies beating the whole country at night. Often the Americans caught messengers bearing Garcia's orders. The people protected him and burned signal lights whenever the American soldiers appeared. He seldom slept twice in the same town. Recently Gen. Funston surprised him and his staff while dining at Arayat at dusk. The Filipinos leaped through the windows and escaped leaving their papers and everything except the clothing they wore. The strain of being hunted finally exhausted their endurance.

## DOWIE ASSAILS METHODISM

Many Members of the Sect Attacked in the Congregation.

Chicago, May 7.—"Dr." Dowie made his first assault upon Methodism yesterday at the Central Zion tabernacle, 1623 Michigan avenue, in the presence of a large congregation, in which quite a number of delegates to the quadrennial Methodist conference sat. He read the declaration of the bishops as printed in the Omaha Christian Advocate of March 3, in which it was declared that the membership of the church was on the decline.

He said nothing against the creed of the church and acknowledged that there were thousands of noble men enlisted under the banners of Methodism. He denounced Bishops Fowler and Vincent because of their belief in Freemasonry and spoke in kindly words of Bishop Nind. Dr. Buckley was attacked also, but the vigor with which the general overseer is wont to refer to his opponents was lacking in referring to the able editor.

The speaker declared that Methodism could not be rejuvenated because it was covered with barnacles that would bear it to destruction. His principal argument against the church as it is today lay in the charge that conversion is not demanded before the right of membership is extended.

## WORK OF CONGRESS VERY NEARLY DONE

Likely to Adjourn Early in June—Nothing But Appropriation Bills From Now on.

Washington, D. C., May 7.—According to the legislative program marked out by the leaders, the work of Congress has practically been concluded. From now on but little will be allowed to come to the front except the appropriation bills. It is given out with considerable directness that the President insists on the adjournment of Congress before the date set for the Republican convention. There is a strong element in the House which favors holding on until summer to secure the passage of the Nicaragua Canal bill and some other measures. The Pacific railroad lobby, however, is opposed to this course, believing that the canal bill can be easily beaten in the short session next year.

Gossip at the Capitol credits the President with urging delay in the canal matter, although he hopes to build the canal.

Some of the friends of the ship subsidy bill are also favorable to a late adjournment. They call attention to the current belief that the next house will be democratic, and hence urge the necessity of passing the subsidy bill now. That it is dead for this session, and probably for the next, even its best friends now admit.

The democrats have practically abandoned the idea of making a fight for the seat of Senator Clark, and as the Quay case has been disposed of there is now practically nothing to delay the adjournment except the appropriation bills, and they can be rushed through as rapidly as desired.

In the opinion of the leaders there can be no political benefit derived by either party from prolonging the session of congress, and as members of all parties are leaving town, it is feared it will be impossible to hold a quorum much after June 1.

## DESTRUCTION BY A TEXAS TORNADO

United States Military Barracks and Officers Quarters Demolished—Several Lives Reported Lost.

Sabantonio, Tex., May 7.—[Special Telegram]—A tornado at four o'clock this morning tore down the officers quarters both the department of Texas and Fort Sam Houston. The post barracks were also badly demolished. Flying debris nearly killed a sentry. Thousands of dollars of damage and terrible destruction to the city. Several lives are reported lost.

## FEW IN THE LISTS IN IOWA

State Republican Convention Will be Held Next Thursday

Des Moines, May 7.—The Republican state convention to select delegates to the national convention in Philadelphia June 19 will be held in Des Moines next Thursday, May 10. There is comparatively little interest in the convention. It is quite generally understood that the delegates at large will be Governor Shaw, C. T. Hancock of Dubuque, Lefe Young of Des Moines, and Colonel George W. French of Davenport. A. B. Cummins having withdrawn from the field of candidates for delegates at large the place was conceded to Mr. Young. The only other candidate for the position of delegate at large is A. B. Funk of Spirit Lake. For district delegates comparatively few are known to be candidates.

## WILLIAM C. ENDICOTT DEAD

Cleveland's Secretary of War and Chamberlain's Father-in-Law

Boston, Mass., May 9.—William Crowninshield Endicott, secretary of war in President Cleveland's cabinet and father-in-law of the Hon. Joseph Chamberlain, Great Britain's colonial secretary, died at his residence here yesterday of pneumonia. Mrs. Endicott and her son, William C. Endicott, were at the bedside.

## SCORE FAULTS OF GOOD FELLOW GIRL

SHE IS DISCUSSED FROM VARIOUS POINTS OF VIEW.

Mrs. Russell Sage Prefers the Fine Spirited Girl She Knew When She Was Young—John J. Ingalls Is Bitter in His Censure of the Modern Woman.

New York, May 7.—The faults and virtues of that new product of society, the "good fellow girl," are discussed very emphatically in the World of yesterday. The faults win. The girl is held up to scorn and derision, and is set down as a sad sort of commentary on this age, and what it does for the freer sex.

Former Senator Ingalls and Mrs. Russell Sage are the most bitter assailants of the young lady who is known as a "good fellow," and attack her and her methods in no uncertain tones.

Mrs. D. J. Hill, wife of the first assistant secretary of state, and Mrs. W. P. Frye, wife of the senator, also say unkind things of the girl who does odd things in the belief that in acting remarkably she will be labeled "good fellow."

These old-fashioned persons admit that they are old fashioned, and they say very bluntly that the girl who is a "good fellow" has to take great care lest she becomes a "bad fellow," and lose respect while she is gaining a certain kind of admiration.

Mrs. Sage Appraises Her

Mrs. Sage says: "Since that time this new kind of a girl has come upon the social horizon. She plays tennis and golf. She talks about horses like a jockey. She is proud of her slang vocabulary. She isn't easily shocked. She rides a wheel in abbreviated skirts. She smokes a cigarette if she feels like it.

"In truth, she has lost the sweetness, refinement and dignity that makes womanhood beautiful. "Some men will like her free manners and speech. She will doubtless get married, because she will have no hesitation in helping the man along if he seems at all backward. She is not hampered by any traditions of past. She believes that she has cast aside the shackles that bound her sex. She believes that she revels in a newly found and delicious freedom. She does not know that many of the men who find her companionable do not admire her.

"Nor do I think they would call her their ideal of what a wife and mother should be. Too often she loses their respect and wins nothing in return. Good Comrade; Poor Wife

"As one man once said to a girl of this type: "She is a good comrade, but I wouldn't want her for a wife."

"To my way of thinking, the old-fashioned girl can never be improved upon."

Mr. Ingalls, as usual, is bitter. He looks at the very darkest side of the picture, saying:

"The doctrine of female suffrage and the equality of the sexes are undermining the foundations of our social structure. Their advocates call it reform. "Revolution" cries Mr. Ingalls. "It seems more like revolution. They are substituting the hotel and the club for the home, comradeship for marriage and bohemianism for domestic life. With wealth, leisure and luxury, they are establishing a social code that demands fidelity only to those who are faithless and that forgives everything in a woman except old fashioned goodness. "A fatal contagion infects our society and portends individual degeneration and national decay. No nation can long survive a loss of moral integrity or the sanctity of the home. No one can observe without alarm the invasion of our country by this foreign pestilence and the amazing changes that are going on in the social condition.

"A deluge of French and English sewage is polluting literature, art and the stage. Plays glorifying infidelity, making marriage a jest and sneering at virtue as rustic prudery are supplemented by numberless sex and problem novels that treat nature's holiest mysteries with the brutal candor of the clinic and the dissecting table."

## BODY OF A WOMAN FOUND IN A POND

She Was Young and Handsome, and Supposed to Be a Student at Wellesley College.

Wellesley, Mass., May 7.—[Special Telegram]—The body of a handsome young woman was found in Morse's pond. It is supposed she suicided. On her handkerchief was found the name of "Kickok," and engraved on the case of a gold watch the name "Genevieve." It is supposed to be a Wellesley college student, as her name appears on the records there in the class of 1890.

The Sioux Falls Convention

Sioux Falls, S. D., May 7.—[Special Telegram]—Only a few delegates to the populist convention have arrived. The committee will hold a meeting tomorrow, when the temporary officers will be appointed and other business transacted. It is impossible to predict what the probable result of the convention will be.

## DEMOCRATIC KITE TO HAVE ONLY ONE TAIL

PARTY LEADERS AGREE ON TOWNE FOR VICE PRESIDENT

Conference of Democratic, Populist and Silver Republican Leaders Agrees to the Plan—Ex-Congressman Willing to Accept—Expect It Will Bring Harmony.

Chicago, May 7.—The democratic kite of 1900 is to have one tail instead of two, as in 1896.

At a conference of democratic, populist and silver republican leaders at the Sherman House yesterday a plan was indorsed which is expected to bring into harmony with the democracy, all its allied forces so far as a national ticket is concerned. William J. Bryan is to head all three tickets and if yesterday's plan is followed, ex-Congressman Charles A. Towne of Duluth, chairman of the national silver republican committee will be Bryan's running mate.

For the democracy there were present yesterday William J. Bryan, Daniel J. Campau, Detroit, national committee man for Michigan; J. G. Johnson, chairman of the executive committee, and M. F. Dunlap, Jacksonville, Ill., treasurer of the national democratic committee.

Populism was represented by Senator Marion Butler, North Carolina, chairman of the national populist committee; Gen. J. B. Weaver, Iowa, who heads the state delegation to the Sioux Falls convention, and Dr. Howard S. Taylor, Chicago, representing populism in Illinois. Charles A. Towne, Senator R. F. Pettigrew of South Dakota and ex-Senator Fred Dubois of Idaho, were the silver republicans present.

Committees To Select Candidates

As outlined, the plan which will be followed if the conventions do not run away from the present leaders is for the populist convention to leave the nomination for the vice presidency open after having nominated William J. Bryan for president. A conference committee is to be appointed by the convention to confer with similar committees appointed by the democrats and silver republicans at Kansas City.

The joint conference committee is to meet in Kansas City soon after the assembling of the national democratic convention July 4 and agree on a vice-presidential candidate. This candidate is to be formally nominated by the democrats and silver men, as their conventions will be in session at the time, and the populist conference committee will be vested with power to add the name to that party's ticket.

At yesterday's conference the leaders agreed that Bryan would be nominated by the three parties. That there should be but one ticket in the field against the republicans, they sought a man for second place who was acceptable to all three parties. Charles A. Towne was finally decided upon.

## AGUINALDO AGAIN ON THE WARPATH

Said to be Raising a Force in North Luzon to Renew Active Hostilities.

Manila, May 6.—[Special Cablegram]—Advices from the island of Leyte say that on April 17th, the American garrison at Jaro, numbering twenty five repulsed a force of 800, mostly Bolomen. After three days of fighting one hundred and twenty dead insurgents were found. No American casualties.

Gen. Young telegraphs that he believes Aguinaldo with General Tino is in Northern Luzon gathering their forces preparatory to a renewal of hostilities when the rainy season begins. He has asked for reinforcements, to march against them.

## THIEF CAPTURED BY A WOMAN

Tramp Attempts To Rob a Hotel Safe at Watertown, Wis.

Watertown, Wis., May 7.—A tramp was caught while robbing the safe in the Junction Hotel yesterday afternoon. The safe had been left open for a few moments and the thief entered the building and was abstracting the cash, about \$300, when he was discovered by Mrs. Bathorn, wife of the proprietor. She caught the man and held him until her husband arrived. The fellow was taken to the jail. He is evidently a tramp. He had a partner watching outside.

## HONOR FOR A WISCONSIN MAN

Captain French Promoted for Gallantry in Philippine Campaign.

Sparks, Wis., May 7.—Captain Frank L. French of company H, Thirty-fourth infantry, now in the Philippines, has been promoted to the rank of major for gallant and meritorious service since landing in Luzon.

Special mention was made in the recommendation to headquarters from his superior officers of his service in battles at Tanguerdan pass December 4 and 5, at Bando December 8, Banna canyon December 9 and in the release of General Pera and 500 Spanish officers and 1,800 Spanish soldiers at Bangued December 5, and at Dinams December 10.

Captain French was a member of the Wisconsin National guard for a number of years and was the first Wisconsin man to qualify as a sharpshooter under the army regulations. He still holds the Wisconsin record for revolver shooting, having won the "General King" revolver, given by that officer for the highest score.

Crisis in Turkey Imminent.

Constantinople, May 7.—[Special Cablegram]—The Porte officials are in a state bordering on panic. Grand Vizier, Hail Rifot Pasha threatens to resign and a ministerial crisis is imminent.

## FEARS LOSS OF AN ATLANTIC LINER

British Steamer Arrives and Reports the Passing of Valuable Wreckings at Sea.

Philadelphia, May 7.—[Special Cablegram]—Captain Campbell of the British steamer Tenby from Port Said, reports the passing of wreckage at sea and fears for the loss of an Atlantic liner. In mid-ocean the lookouts observed a bark flying distress signals, but she was too far off and the sea was too rough to render assistance. In the wreckage were steamer chairs and other fine furniture not generally carried by freighters. The bark was a large four masted vessel, and soon disappeared in the fog. It is believed the bark collided with and sunk another craft.

## INTENDED CRIME IN CHILD INSURANCE

New York Children's Life Insured for the Purpose of Being Killed in Some Way.

New York, May 7.—"Of the children who passed through the Gerry society's hands last winter 1,708 were insured," said Superintendent Jenkins today. "Many of these children, I am confident, were insured to be killed by neglect or otherwise so that those who insured them might pocket the money."

The case of a man and his wife who are locked up in the Jefferson Market prison, charged with the criminal neglect of their two children, inspired this remark.

"In child life insurance," continued Mr. Jenkins "a parent or guardian or other person—for it does not matter to the insurance company who takes the policy—bets the insurance company that a certain child will die within a certain time, for all these policies are made for a certain time, at the end of which they may be renewed. The company bets that the child will not die within the specified time. "The insured puts up a stated sum when he registers his bet. If the child fails to die the money is lost by the payer and retained by the company. If the child dies the company loses the bet and pays the money."

## TO LOSE WIFE OR BABE

New York Father Faces a Sad Alternative—Sacrifices Baby to Save His Wife.

New York, May 7.—Captain Charles A. Larkeson sacrificed his baby's life to save his wife early yesterday morning. The dreadful choice of retaining one or the other when both were dearer than his own existence, confronted him at the fire that destroyed the Mallory line pier, foot of Maiden Lane, East River. The three—father, mother and nine months old baby—were in the river, Mrs. Larkeson, a fine swimmer was entangled in debris and surely would have been drowned. Her husband, crying "God have mercy," put forth all his strength and cast the baby from him toward the pier.

With desperate strokes he swam to his wife and freed her from the mass of barrel staves and chips, floats that was too light to sustain her weight, that impeded and clogged her progress. He put his arms around her but she saw her baby sink and shook him off. Her mother love was stronger than her love of life.

Twice she dived in the attempt to save her little daughter, her only one. Exhausted as the mother was, she resisted all attempts to drag her from the river until Timothy Bryndon, a deck-hand, tossed a noosed rope around her and forcibly pulled her out.

Larkeson and his wife half conscious, were taken from the water and sent to the Hudson Street Hospital. As soon as they could they returned to the pier and for hours waited for the river to give up their dead. Rosie's body was found just after her sorrowing father had led away his brokenhearted wife.

## BIG CHURCH COUNCIL IS ON IN CHICAGO

METHODIST GENERAL CONFERENCE IS HARD AT WORK

Some of the Changes Suggested in the Discipline—Dancing, Cards and Theatres May Be Tolerated—Outline of the Work for the Ensuing Week.

Chicago, May 7.—At the Methodist conference Monday's devotional exercises were conducted by Dr. Merrill of Buffalo. Bishop Hurst presided at the business session and heard the roll call for the presentation of memorials, petitions, resolutions and committee reports. The board of bishops announced the appointment of special committees on evangelization work in cities and on theological seminaries. Meetings were held by the committees on episcopacy, itinerancy, boundaries, revisals, temporal economy, state of the church and temperance.

Consolidation of related institutions to economize energy and money is the dominant spirit manifested in the memorials to the Methodist general conference. The disposition to do away with unnecessary secretaries and other employees was shown so clearly as to leave no doubt that in the rearrangement of departments the church will profit to the extent of many thousands of dollars annually.

Without a dissenting vote the conference adopted a resolution directing that the Home Missionary society be composed of the Church Extension society, the Freedman's Aid society and southern education and the home department of the Missionary society. This consolidation, when effected, will eliminate the necessity of two general secretaries and their office forces and avoid the unpleasant friction of the present rivalry for church aid. The committees having charge of the departments named were directed to create a joint commission to report a consolidation plan Friday morning. Church papers are to be dropped, Sunday many of the bishops and doctors of divinity preached in Chicago and suburban churches.

Law-Making and Expense-Cutting

Chicago, May 7.—Lawmaking and expense-cutting are the special orders of the week for the Methodist general conference at the Auditorium. Seven of the fourteen standing committees of the big church congress—episcopacy, itinerancy, revisals, boundaries, temperance, temporal economy, state of the church—their permanent organizations perfected, will settle this afternoon the work of winnowing the wheat from the resolution chaff.

Removal of the time limit on pastorate, the minimizing of conference expenditures by the consolidation of church journals and societies, reduction of the probationary period for new members, the lifting of the specific ban on dancing, card-playing, theater-going, without pronouncement of their harmless character, reorganization of the business ventures of the Methodist Book Concern on more aggressive lines—these are some of the things slated for performance by the caucuses of the hotel lobbies yesterday. Elections for bishops, editors, book agents, \$4,000 secretaries of the various church boards and societies are scheduled to commence next Monday, and every delegate to the conference will try to get the questions of church policy and discipline out of the way before nominations begin. Outside the committee rooms the game of politics will be the thing.

As to Unsatisfactory Pastors.

Dr. Buckley's resolution to permit an extension of the service term of any pastor whose congregation by a three-fourths vote asks his return will be favorably reported by the committee on itinerancy, according to the conference leaders yesterday.

The consolidation of the Home Missionary society with the board of church extension and the Freedman's Aid and Southern Education society will be effected next Friday, when the special committee of fifteen makes its report. The discontinuance of at least four of the weekly Christian Advocates—those published at Omaha, Syracuse, Pittsburg and Portland, Ore.—will follow in the same process of cutting expenses.

Will Lift Amusement Ban

The committee on revisals and state of the church both have resolutions asking modifications of the discipline prohibition on dancing, card playing and theaters before them, and their reports are expected to favor the lifting of the ban with giving the approval of the church to the three amusements. The Minnesota conference wants to fight the pronouncement against dancing on the score of its unconstitutionality.

After the committee on episcopacy the book committee, which meets tomorrow, is getting most attention. The laymen in the conference are determined to force one of their number into the post of western publishing agent.

Big Loss by Fire in St. Louis.

St. Louis, Mo., May 7.—The Mississippi Valley hay storage and warehouse and the Hafner Lothman lumber yard were destroyed by fire here. The total loss is estimated at \$350,000. Both concerns are said to be fully insured. The lumber yards, the property of the Hafner Lothman Manufacturing company, sustained all except about \$40,000 of the loss. The origin of the blaze is unknown.

## LINE CITY IN LINE FOR MR. WHITEHEAD

### CANDIDACY FOR GOVERNOR GAINING FORCE IN STATE.

His Public Record Warmly Praised by The Beloit Correspondent of The Chicago Times-Herald—The People Are "Proud of His Talents and Attainments."

The Beloit correspondent of The Chicago Times Herald sends that paper an extended article concerning Senator John M. Whitehead's gubernatorial candidacy. The article was published under a "square heading" in the Sunday edition of The Times-Herald, and is as follows:

[Special to The Times-Herald.] Beloit, Wis., May 5.—State Senator John M. Whitehead of Janesville, the first congressional district's candidate for the Republican gubernatorial nomination, is accounted one of the Badger state's best and cleanest public men. His candidacy gathers force each day and his friends are enthusiastic and hopeful.

Senator Whitehead was on the right side of every problem presented to the legislature, and no bad measure ever received even a formal recognition from him. The law creating the state tax commission owes its passage to Senator Whitehead. The creation of this commission divorced the taxation problem from politics and placed it where it can be solved with justice to all—the corporations and moneyed men as well as to the less fortunate people. The anti-cigarette law is another good measure that he championed to its passage.

Arrived with No Faction. Personally Senator Whitehead is an attractive and genial man. Standing somewhat over six feet in his stockings, smooth shaven and with the build of a Hercules, he always attracts attention in any crowd of people. His face reflects the qualities that have brought him success—manliness, candor, strength of purpose and sterling honesty.

He is a lawyer, and an able one. His business is extensive, but is all of the broad gauge sort. He has no corporate retainers, yet bothers with no petty cases. His large clientele is composed of people who want to deal with a lawyer—and a man.

Politically Senator Whitehead's position is the same as in private life—he stands for all of the good things and none of the bad ones. He is the high middle ground between the two factions that have waged bitter fight in this state for many years. He is allied with neither, yet has friends and supporters in both. He has always risen above the small affairs that create personal grudges and party factions, and therefore has less factionalism in his make-up than almost any other man in the state.

Is a Leading Candidate. To this fact, in connection with his brilliant public record and individual worth, he owes his excellent prospects. The endorsement given him at the county and congressional conventions was spontaneous and enthusiastic and as his supporters are all heart and soul in the campaign it is a conservative statement to say that he is "one of the leading candidates."

Hillsboro, Ill., was Senator Whitehead's birthplace, and he opened his eyes to this world on the parental farm on July 29, 1852. He was educated at Hillsboro Academy, the preparatory department of Wabash University, and Williston Seminary, and in 1873 entered Yale. Being without financial resources he was forced to work his way through school. He did so with pride, glorying in his independence, never apologizing for his poverty, without missing a recitation in five years, and graduating with the degree of A. B. in 1877. After completing his education he located in Chicago, studying law in the office of Leaming & Thompson. In 1880 he was admitted to the Illinois bar. In 1882 he located in Janesville and has since been a resident of that city.

Election as Senator. He was elected to the state senate in 1899 and has ever since served the people in that capacity. He has also held several minor political offices. He is the state president of the Young Men's Christian Association, and for fourteen years has been clerk of the Janesville Congregational church. He is also a corporate member of the American Board and a director of the Chicago Theological Seminary.

While Senator Whitehead is a resident of Janesville, Beloit people feel that he is "one of us" and all are proud of his talents and attainments.

## LOCAL TEAM BADLY DEFEATED

Delavan Wiped the Base Ball Diamond With Janesville on Saturday. If ever a base ball team enjoyed a walk-away snap it was the Delavan nine in their game Saturday afternoon in this city with the members of the Janesville high school team. The score was 20 to 4. It would have been higher had not the visitors been possessed with much sympathy for their down-hearted hosts. At no time in the entire game did members of the Delavan team need to feel anxious. The visitors outplayed the home team at every turn. They brought along a delegation that in size numbered about one-half the spectators in attendance. The Delavan high school scholars do nothing by halves and the manner in which they turned out at Saturday's game is evidence that they are loyal supporters of the base ball cause.

## FEIGNS TO SUPPRESS BOXERS

Chinese Government Makes Show of Putting Down Disorder. New York, May 7.—A special to the Herald from Washington says information has been received at the state department from United States Minister Conger, showing that the Tsung Li Yamea is making a show of endeavoring to suppress the anti-foreign societies of China. Nevertheless, it is apparent that the Boxers, encouraged to believe that the empress dowager is secretly befriending them, are not relaxing their activity. The acting governor of Shantung province, through his subordinates, recently communicated with the heads of the different missions within his jurisdiction, suggesting that the missionaries should not come and go as they pleased, but should confine their journeys into the interior to occasions when they were absolutely necessary, and in each case apply to local officials, who would provide them with a small guard.

"In case any of the missionaries refuse to comply with this request, and trouble is created by the Boxers," the instruction continues, "the local officials cannot well be held responsible for their safety." The missionaries assert that this instruction is a crafty move on the part of the acting governor to prevent the spread of Christianity. If the missionaries are confined to their missions they will be unable to go among their converts in the country, who will be left to the mercy of the anti-foreign societies. It is understood that the matter has been brought to the attention of the Peking government, but with what result cannot be ascertained.

## MAY DISBAND CUBAN POLICE.

Citizens of Havana File Charges in an Appeal to Gov. Wood. Havana, May 7.—At a meeting of the municipality of Havana it was charged that the secret police were a demoralized body, and that the municipal police were not much better. It was further alleged that degrading outrages and abuses were being committed by the secret police. Many of the councilmen upheld these assertions, quoting cases against the police. It was proposed to disband the secret police, and the meeting finally decided to send a deputation to Gov. Gen. Wood, for the purpose of laying the case before him and asking him to arrive at some decision in the matter.

The Nueva Pais, referring to the syndicate, with \$8,000,000 capital, formed to develop the eastern province of Cuba, says: "The Americans understand the situation. They are not giving more importance to political agitators in Cuba than these latter merit." Continuing, the paper mentioned talks upon the Cubans to join in an enterprise which, it says, "proves the confidence which Americans have in the future of the island."

## Long Wants Second Place.

Washington, D. C., May 7.—John D. Long, secretary of the navy, stands today the most formidable of all candidates for the republican nomination for the vice-presidency, in the opinion of Washington politicians. He has made his peace with his old enemy, Senator Lodge, who will, notwithstanding the fact that he will be permanent chairman of the convention, place him in nomination. Mr. Long will have in the convention the solid support of the delegations from the New England states, and he is developing strength elsewhere. Gov. Roosevelt has seemingly succeeded in obliterating himself as a possibility for second place. Senator Lodge, who is probably the governor's closest friend in Washington, is convinced that he would refuse the nomination were it thrust upon him by acclamation. Representative Dooliver of Iowa is developing so much strength that he commands the respect of all of his opponents.

The Wisconsin Telephone Company reports a net gain of 250 subscribers on April 30. The Erie Telephone system which includes this company, reports a net gain of 3,169 subscribers in April, making a total number of 120,772 subscribers of this system on April 30.

## Brazil's Congress Is Opened.

Buenos Ayres, May 7.—The Brazilian congress has been reopened. ## MANY MUNICIPAL OFFICERS COMING

### STATE MUNICIPAL LEAGUE HERE NEXT MONTH.

Promises to Be a Most Important Gathering—Mayor Richardson and Aldermen Will Map Out an Interesting Program—Many City Councils Send Regular Delegates.

On the 7th and 8th of June the State Municipal League will hold its annual meeting at Janesville. This will be the fourth annual meeting of the League, which is organized in the interests of local government. Local arrangements for the entertaining of the convention will be in the hands of the mayor and the city council of Janesville. It is expected that municipal officers from all over the state will be present. Many city councils will send regular delegates. The program will be confined to the discussion of subjects which will tend to build up a strong and vigorous municipal government in the state, and to subjects of interest to taxpayers, such as municipal ownership of public utilities, equalization of taxes, proper materials for street improvements, sewerage disposal, etc. The State Municipal League is the outgrowth of an age of cooperation, of organization. It had its inception in the idea that great good could be accomplished by mutual association of all the city officers of the state in an organization which would guard the interests of the cities in matters of general concern. Similar leagues exist in California, Connecticut, Indiana, Ohio, Michigan, Illinois, Iowa, Kansas and Massachusetts.

## JOHN CHADWICK HAS CHARGE

Former Janesville Man Constructing New Race Track at Monroe.

The Green County Agricultural Society have decided to remodel their half mile track at Monroe and have placed the supervision of the work in the hands of John C. Chadwick, a former well known Janesville resident. By such a selection the Green County Agricultural society have made no mistake as Mr. Chadwick is a man well able to carry out the work in a way that could not be improved on. It is just the selection of such men that has made the Green county fairs a success during the past few years. This year the Green county fair promises to surpass all former events and the different committees in charge are leaving nothing undone. Rock county this year will hold no fair at Janesville and as usual a good sized delegation will be in attendance at Monroe.

## "Blood tells."

But we rarely recognize the fact except in times of stress and strain. A horse which looks like a "scrub" may beat another horse which seems the ideal of a racer, just by that one quality of good blood. Similarly men, who seem in the pink of condition drop down under the racing strain of business. Why? Blood tells. Men reckoned perfectly healthy start out for business, they make a run for the train, and collapse. "Heart failure" they call it. Blood failure would be often the better name.

Take care of the blood and the body will take care of itself. It is the blood which builds the body. The blood indeed is the body. A sound body must be based on sound blood.

It is one of the peculiar properties of Dr. Pierce's Golden Medical Discovery that it eliminates from the blood the effete and poisonous matter which is antagonistic to health. It also gives to the blood those elements which are necessary to its strength and vitality. Thus by the use of "Golden Medical Discovery" purity of blood and power of body have been attained by thousands of sickly and scrofulous men and women.

No other medicine purifies the blood and builds the body as does the "Discovery." Accept no substitute.

"It gives me much pleasure to testify to the merits of Dr. Pierce's Golden Medical Discovery," writes Miss Annie Wells, of Ferguson's "What, I tell of Wright Co., Va." "I can say honestly and candidly that it is the greatest medicine ever compounded for purifying the blood. I suffered terribly with rheumatism, and pimples on the skin and swelling in my knees and feet so that I could not walk. I spent about twenty dollars paying doctors' bills but received no benefit. A year or two ago I was reading one of your Memorial Books and I decided to try Dr. Pierce's Golden Medical Discovery and 'Favorite Prescription,' and am entirely cured."

Dr. Pierce's Pleasant Pellets are graduated to the requirements of woman's delicate system. They regulate the stomach, liver and bowels.

Nasal Catarrh quickly yields to treatment by Ely's Cream Balm, which is agreeably aromatic. It is received through the nostrils, cleanses and heals the whole surface over which it diffuses itself. Druggists sell the 50c. size; Trial size by mail, 10 cents. Test it and you are sure to continue the treatment.

To accommodate those who are partial to the use of atomizers in applying liquids into the nasal passages for catarrhal troubles, the proprietors prepare Cream Balm in liquid form, which will be known as Ely's Liquid Cream Balm. Price including the spraying tube is 75 cents. Druggists or by mail. The liquid form embodies the medicinal properties of the solid preparation.

# Nerves Unstrung.

Weak Stomach: Pain in the Chest; Sleepless, Nervous, Irritable; all run Down. Cured by

## Dr. Miles' Nervine.

Nearly every disease is the sign of poverty, either of the blood or of the nerves. When the brain cells and nervous tissues are used up faster than they are repaired, not only the brain and nerves, but every vital organ of the body cries out for help. Headaches, neuralgia, heart disease, nervous dyspepsia and liver and kidney troubles run rampant in the helpless system, destroying whatever strength remains until at last the break-down comes and then Dr. Miles' Restorative Nervine is doing a world of good for such weak, nervous people, whose brain and body are overtaxed, but who may yet be saved from a state of indescribable wretchedness, and restored to lives of happiness and industry. By soothing and strengthening the secretive glands of the digestive organs it facilitates digestion and assimilation,

while the nervous system is rapidly built up again and put to work without confusion, thus bringing all the important organs into harmony and restoring perfect health.

"About seven years ago I was all run down with nervousness and heart trouble and was so bad that I had to give up work. I was nervous, sleepless and irritable all the time and although several doctors treated me I did not improve any under their care. Hearing Dr. Miles' Nervine well spoken of for such troubles I commenced using it and grew better from the start. When I had used three bottles I felt that I was cured; but I still keep a bottle of the Nervine on hand, and when I am unusually tired or nervous I take a dose and am all right again. I took Dr. Miles' Nervine and Liver Pills along with the Nervine and found them the best Liver Pills on the market."

# HEALTHY OLD AGE

The majority of persons upon reaching middle age and past find their blood becomes weak and thin, and diseases that were easily controlled in earlier life begin to affect the constitution. Those predisposed to Scrofula, Cancer, Rheumatism, Gout and other hereditary troubles may escape till then, but as they age the blood, so long tainted and weakened by accumulated waste matters, is no longer able to properly nourish the body, and it becomes an easy mark for disease. At this critical period of life the blood must be re-enforced before it can perform its legitimate functions and rid the system of these poisons, and nothing so surely and effectually does this as S. S. S.

S. S. S. strengthens and enriches the blood, improves the appetite, and builds up the general constitution. It is not only the best blood purifier, but the best tonic for old people. It warms the blood, tones up the nerves, removes all taint from the blood, and prevents the development of disease. S. S. S. is the only purely vegetable blood medicine known. Not one particle of mercury, potash or other mineral poison can be found in it, and it may be taken for any length of time without harm.

S. S. S. is the only remedy that reaches deep-seated blood troubles like Scrofula, Cancer, Rheumatism, Eczema, Tetters, etc. It purifies and restores the blood to a healthy, normal condition, and makes it impossible for any poisonous waste materials to accumulate.

If you have an old running sore or an obstinate ulcer that refuses to heal, or are troubled with boils and carbuncles, try S. S. S. It never fails to make a quick and permanent cure of these pests. If your system is run down and you feel the need of a tonic, S. S. S. will strengthen and help you as it has many others to a happy, healthy old age.

S. S. S. cured Mr. H. Borden of Saunsville, Va., of a case of Eczema of thirty-five years' standing, after the best physicians in the surrounding country had failed. This was seven years ago, and there has been no return of the disease.

Mrs. D. R. Johnson, of Blacksburg, Ga., was for years afflicted with a severe type of rheumatism, and had used every remedy known and recommended as a cure without receiving any benefit. S. S. S. promptly reached the seat of the disease and made a complete and permanent cure.

If you are in doubt about your disease, and will send us a statement of your case, our physician will give you any information or advice wanted, for which we make no charge. Book on Blood and Skin Diseases sent to any desiring it. Address Swift Specific Co., Atlanta, Ga.

### THE RECORDER AND BONDS.

The Recorder, in order to dodge the point at issue—reasonable expense versus extravagance—now proceeds to gravely discuss the subject of bond issues in general, and city hall and sewerage system bonds in particular, saying it does not favor issuing them.

The Recorder need not lose any sleep over the bond issue question. No bonds can be issued until after the people have voted in favor of the plan, but by reducing the lighting expense to a reasonable sum—say from \$6,000 to \$8,000 per year—enough money will be saved to pay the interest of a bond issue, if the citizens vote in favor of the issue. Until the question is passed upon at an election, the saving can be put away as a nest egg, or applied to existing expenses thus reducing, very materially, the burden of the tax payers. Hence, it is wholly unnecessary for The Recorder to worry on this point. The people can do as they please in the bond matter—it is their right.

The fact of the matter is, The Recorder is "in the hole." It has been forced to crawl, take a position directly opposite to the one it has always occupied and to cease the threadbare howl for "lower taxes." In only one respect is The Recorder consistent—it is still "against anything The Gazette wants because The Gazette printed stories about General Doe"—the only platform that The Recorder ever stood on. It sees that it uncovers its hypocrisy and false pretensions by denouncing an increase of \$2,000 a year in the police department as extravagance, while upholding a \$12,000 a year lighting contract. As has been shown repeatedly, Janesville has less police than any other town in Wisconsin one-half its size, but spends more money for lights than any other Wisconsin city of any where near our population. The city of Superior affords a fair sample. Everyone knows that Superior is a progressive, thriving city of 45,000 to 50,000 people, yet the police force costs about \$25,000 per annum and but \$13,000 per year is spent for lights—About ten times much as Janesville pays for police, but practically the same amount as Janesville pays for lights.

Of course the Recorder does not enjoy its present predicament, but it cannot wiggle out as it wears the collar and has to dance when its masters pull the string.

The Beloit correspondent of The Chicago Times-Herald pays Senator Whitehead a very pretty compliment, as will be noted by reference to another page of this issue. The article closes with the announcement that "While the senator is a resident of Janesville, Beloit people feel that he is one of us and are proud of his talents and attainments." The writer naturally speaks from his knowledge of the local conditions and sentiment, and the article is therefore significant.

"No favoritism should be shown" says the ex-lower taxation organ "when a sewerage system is put in." And for the same reason we suppose, the ex-lower taxation organ now supports favoritism to the extent of buying \$12,000 worth of lights without receiving bids or observing any of the ordinary formalities of business. It will be against favoritism in everything but the lighting and police departments and in these two cases, it is for favoritism with a big "F."

Perhaps the people, however, do not care to have their business transacted solely from the standpoint of what The Gazette may or may not have said about one General Joseph Bodwell Doe, late of Janesville, but now of Milwaukee, U. S. A., when "the gin'ral" was in politics.

Perhaps The Recorder doesn't understand what is meant by a bond issue, and thinks it would compel The Recorder to give bonds not to change

its views on taxation more than twice in twenty-four hours. Of course The Recorder could not do this, so naturally it views the bond proposition with alarm.

Constant Reader—The connection between landlord and tenant can hardly be classed as "frivolous," as it may possibly be "a ground hog case."

About one week more, at the rate Tammany is now uncovering itself, and the case will be ready for the grand jury without anyone's pushing it along.

And perhaps The Recorder also considers it bad policy for the city to require bonds of any contractor who is paid from the city treasury.

There is one bond, however, that The Recorder cannot sever without bleeding to death—and it isn't a bond of friendship either.

Give the people a chance, give Tammany plenty of rope, and the question of municipal purity will solve itself.

If Janesville is to get to the front she must make the most of her opportunities and husband her resources.

But New Yorkers needn't worry about Tammany. Tammany's days are numbered.

### Plague Costs a Million.

Honolulu, April 27 (via San Francisco, Cal., May 7).—The council of state adjourned April 23, after making appropriations for the general expense of the Hawaiian government for the two years ending December 31, 1901. The total amount of these appropriations for the two years is \$3,569,603.94. The appropriations of the last legislature for the same purposes, though including very many more public improvements, were \$3,983,445.97. But, in addition to the regular appropriations for the biennial period, the council since December 12, has appropriated \$1,045,253.24 for purposes incidental to and created by the plague epidemic.

### Die in Each Other's Arms.

Chicago, May 7.—The disappearance, three days ago, of Samuel and William Farrelly from their home, 2312 Indiana avenue, was accounted for when the bodies of both were found in a sewer at the rear of 805 West Sixty-second street. Samuel Farrelly was 55 years old and his son William 15. They were locked in each other's arms as if each had attempted to aid the other when overcome by the noxious gas. They had been employed to clean the sewer of a house at 6315 Stewart avenue.

National Body Desires to Adjourn Early in June.

**SUNDY CIVIL BILL PASSES.**

It Carries Over \$61,000,000—Condition of the Treasury—The Turkish Matter—Mexico's Water Boundary—Miscellaneous Matter.

Washington, May 7.—Routine business probably will occupy the greater part of the senate's attention during the present week.

On Thursday the Montana senatorial case will be called up, but it will not be allowed to interfere with the consideration of the appropriation bills. It is the undoubted purpose of the senate leaders to bring about an adjournment early in June, the first week if possible. The attention of the house this week will be occupied with various miscellaneous matters.

**Sundry Civil Bill Passed.**

Washington, May 7.—The house has passed the sundry civil bill. It carries slightly more than \$61,500,000, about \$10,000,000 more than any previous civil sundry bill. The general deficiency and military academy appropriations bills are now the only general supply bills unacted upon by the house. The senate amendments to the army appropriation bill were disagreed to and the bill was sent to conference. Messrs. Hull of Iowa, Marsh of Iowa and Jett of Illinois were appointed conferees. During the consideration of the sundry civil appropriation bill there was a protracted contest over several propositions to buy 140 acres additional for the St. Elizabeth insane asylum at \$1,500 an acre. Although it was urged that the land was badly needed for additional quarters for the insane, every proposition was defeated. A few minor amendments were adopted. The fortifications appropriation bill was sent to conference. Messrs. Hemmaway of Indiana, Pugh of Kentucky and McKee of Arkansas were appointed conferees. Notice was given that the Peterson-Crawford contested election case would be called up on Wednesday.

**No Minister Sent to Turkey.**

Washington, May 7.—It is authoritatively announced that until the pending issue relative to the payment of the American indemnity claims is settled to the satisfaction of the state department no United States minister will attend at the Turkish capital and Mr. Straus' leave of absence will remain as it is now, indefinite as to duration.

**Mexican Boundary Question.**

Washington, May 7.—Another extension of the time allowed by treaty for the delimitation of the water boundary between the United States and Mexico was arranged for today. Secretary Hay and Senor Aspiroz signed a treaty of a single article extending the time limit one year from Dec. 20 last.

**Condition of the Treasury.**

Washington, May 7.—Today's statement of the treasury balances in the general fund, exclusive of the \$150,000,000 gold reserve in the division of redemption, shows: Available cash balance, \$14,891,908; gold, \$77,824,755.

**SET FREE 522 PRISONERS.**

Lieut. Gibbons Reports Result of His Expedition.

Washington, D.C., May 7.—The navy department has made public a report from Lieut. J. H. Gibbons, attached to the Brooklyn, dated Cavite, March 4, upon an expedition conducted by him in the south of Luzon in the latter part of February last, which resulted in the release of 522 prisoners, mostly Spaniards, who had been held by the Filipinos for many months.

According to the report, Lieut. Gibbons was placed in command of the United States transport Gen. Alava, with a detail of officers and men from the Brooklyn, on the 25th of February, and proceeded to the vicinity of San Narciso, Gulf of Ragay, at the southern extremity of Luzon, in search of these prisoners. Off Guinayaban some of the prisoners who had escaped came aboard, reporting that 36 Spanish prisoners, who were disabled, had been left by the insurgents at that town, and the remainder of the prisoners, including some Americans, were being carried to Piris. The Alava at once made for Piris, and landed a party of twenty marines under command of Lieut. Brown, at the head of the bay. The insurgent guard fled and the prisoners were released and brought aboard the ship. There were among them ten Americans, seventy-two Spanish officers, one accompanied by his wife, seventeen priests, twenty-one merchants, four Filipinos, four Spanish soldiers and the wife of one. There was a good deal of hardship connected with the expedition and Lieut. Gibbons reports that he cannot speak too enthusiastically of the energy and zeal shown by the men.

**Diamond Trade in Bad Shape.**

Antwerp, May 7.—The diamond situation, which was somewhat improved three weeks ago, has now again become much worse. A thousand workmen have been thrown out of work this week, the factories having been closed for three months. It is generally feared that as the result of the South Africa war's effect on the trade the Antwerp diamond industry never will be re-established on its old footing.

**Capture Gebhardt Bongaard.**

Minneapolis, Minn., May 7.—Gebhardt Bongaard, the defaulting treasurer of Carver county, who disappeared Feb. 14, was captured at Olds, N. W. T., by a Minneapolis detective.

I consider it not only a pleasure, but a duty I owe to my neighbors to tell about the wonderful cure effected in my case by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I was taken very badly with flux and procured a bottle of this remedy. A few doses of it effected a permanent cure. I take pleasure in recommending it to others suffering from that dreadful disease.—J. W. Lynch, Dorr, W. Va. This remedy is sold by Smith's Pharmacy, Kodak agents, opposite P. O.

**Ban on Divine Healers.**

New York, May 7.—A special to the World from Washington says: "Divine healers have come under the ban of the postoffice department, and in a few days an order will be issued debarring them from the use of the mails."

**An Epidemic of Whooping Cough.**

Last winter during an epidemic of whooping cough my children contracted the disease, having severe coughing spells. We had used Chamberlain's Cough Remedy very successfully for croup and naturally turned to it at that time and found it relieved the cough and effected a complete cure.—John E. Clifford, Proprietor Norwood House, Norwood, N. Y. This remedy is for sale at Smith's Pharmacy, Kodak agents, opposite P. O.

**Military Service in Chile.**

Valparaiso, May 7.—The Chilean cabinet has decided to call congress in special session to discuss the compulsory military service bill. The government has decided to connect the provinces of Tacna, Arica and Tarapaca with a railway line. Engineers have been ordered to send the result of their surveys by telegraph.

The ancients believed that rheumatism was the work of a demon within a man. Any one who has had an attack of sciatic or inflammatory rheumatism will agree that the infliction is demonic enough to warrant the belief. It has never been claimed that Chamberlain's Pain Balm would cast out demons, but it will cure rheumatism, and hundreds bear testimony to the truth of this statement. One application relieves the pain, and this quick relief which it affords is alone worth many times its cost. For sale by Smith's Pharmacy, next to postoffice, Kodak agents.
